Your Support Directly Impacts Student Success

"I am a non-traditional returning student and a single mother to my 13-year-old daughter. I just completed my Associate's Degree in Business Administration. I couldn't have completed and survived this two-year journey without the help of financial aid, grants, and winning a scholarship from the LAVC Foundation. Because of this award, I can experience a better transition on my new journey to continuing at CSUN as a junior. So far, ever since I decided to return to college, my experience has been life-changing, amazing and you are part of the reason I am here."

- Maria Guzman, LAVC Foundation Scholarship recipient
